

Money/sheet drop off at Cue Club by Sat 4pm

Please circle **YOUR TEAM** on your scoresheet

YEAR END TOURNAMENT MAR 14 or 15 and 16, 2019 tentative dates

Player handicap

Handicap number based on a PLAYERS's average

Starting hcup is players most recent year's average

New players with no previous average will be given a 3.0 average for a fictitious year

Handicaps for the current week will be on the standing sheet as players average

Accurate handicaps require matches to be played when scheduled and score sheets to be turned in on time

HAND IN YOUR SCORE SHEETS!!

Playing with 3 players does not lower your handicap (4th player hcup is the average hcup of the 3 players)

add 4 player averages, (x.0 to x.4 round down , x.5 to x.9 round up)

Example:

$2.4+3.7+1.6+4.1=11.8$ round up to 12

$3.1+3.4+2.2+4.5=13.2$ round down to 13

Handicap points do not count towards a team's total points in the standings

Handicap points are only used to determine the winner of frames and the match

Example:

hcup7 vs hcup8

hcup7 team gets 1 point per frame and 4 points for total

STANDINGS WILL BE EMAILED THIS YEAR
